

THE  
NARAYANA PRINCIPLE  
Preface

Emergent from the bubbling matrix  
of quantum potential—  
Primal identities—  
And their shadowed oppsites—  
Begin to shimmer into form.  
Some flicker and cancel, others endure,  
Seeding the scaffolding of space  
and dimensionality.

Here lie thy first murmurings  
Of identity and negation,  
Of being and non-being.

In this language, "to  
Is no longer a question for the whole,  
But a choice for the parts.

The "choice" to be was made,  
And the mind of Man arising  
Aeons and Acons later  
Undergoes the same awakenings  
In the flickerings of neural activity  
So that there is unity in the birthing  
And the cognition
